

## Condensed Unaudited Financial Statements - Nine Months and Quarter Ended September 30, 2021

The Directors are pleased to present the condensed unaudited financial statements of the Group and the Company for the Nine Months and Quarter Ended September 30, 2021.

(a) basis of accounting
The condensed financial statements of the Group and the Company are unaudited and have been prepared using the same accounting policies as the audited financial statements for the year ended December 31, 2020.

The comparative figures for the Nine Months and Quarter Ended September 30, 2020 have been restated to align with accounting treatment in the year end reporting financial statements.

Gross premium has continued to increase for the third consecutive quarter representing a 14% rise compared to the same period last year.

(c) Investments
Our investment portfolio grew further in the third quarter, led by the local equity and fixed income investments. International

markets closed lower as the spread of the delta variant slowed the economic rebound of several countries while concerns over the interest rate outlook in major economies and additional regulations in China weighed on investor sentiment. On the local scene, the stock market maintained an upward trend, driven by the reopening of our frontiers and earnings reports releases.

On the fixed income side, our portfolio maintained its momentum and delivered encouraging returns despite a fall in market yields and an increase in excess liquidity in the financial system. Internationally, higher inflationary pressures combined with fiscal and monetary packages have led to developed economies' yields closing relatively higher.

For and on behalf of the Board of Directors Swan Corporate Affairs Ltd Company Secretary November 12, 2021
